

# What Girls Say

## Leader's Copy

Please read the following questions aloud to the girl members of your troop/group at a meeting in late spring. Have each girl circle the smiley face on her answer sheet that best shows how she feels about each question using the list below. There are no right or wrong answers- we just want to know what they think. No one else in the troop will see their answers – not even the troop leader. Have the girls color or circle:

-  - if the statement ALWAYS applies
-  - if the statement USUALLY applies
-  - if the statement SOMETIMES applies
-  - if the statement NEVER applies
- ? - if they DON'T UNDERSTAND the statement.
